

PRE-INSPECTION HOME CHECKLIST

Before visiting a New Jersey Inspection Facility, review this basic equipment. If you can't check something off, it probably won't pass inspection and needs to be repaired.

NOTE: This is not a complete list of the items evaluated during our rigorous state inspection. However, following it may help you spot one of the simple problems that cause most inspection failures. It only takes a minute and could save you a wasted trip!

01: EXTERIOR LIGHTS

Functioning bulbs and crack-free lenses on all of the following:

- Headlights
 - Low beams
 - High beams
- Brake lights (including upper light)
- Blinkers
 - Front
 - Rear
 - Side, if applicable
- Parking lights

02: DASHBOARD WARNING LIGHTS

- Check engine light is not shining

03: TIRES

- Treads are not worn down to wear bars
- Treads pass the penny test

04: WINDSHIELD

- Maximum of one crack or starburst
- No crack larger than a quarter

05: WIPERS

- No visible rips or tears
- Capable of clearing the windshield

06: HORN

- Functioning

07: SIDE AND REAR VIEW MIRRORS

- No significant cracks or obstructions

08: DOCUMENTS

- Valid driver license
